
About Get Licensed

More than 450,000 people have trained with Get Licensed since 2007. Get Licensed is a UK training and staffing platform. It helps people book training with approved providers and find security work through GuardPass, its app for learning, mock exams and finding security jobs. The business supports learners, training providers and employers, with the purpose of making the world a safer place.

Services

Get Licensed trains people for SIA licensable roles — Door Supervisor, Security Guard, CCTV Operator and Close Protection — plus first aid and SIA top-up/refresher courses, delivered across 100+ locations in the UK. Learners and licence holders can also find security work and manage their licence through GuardPass.

Founder

Shahzad Ali, Founder & CEO

Shahzad Ali founded Get Licensed in 2007 after working in security himself, determined to make it easier for people to enter the profession. Today, Get Licensed has trained more than 450,000 people and connects them to work through GuardPass, its app for learning, mock exams and finding security jobs.
